Company Overview

Business value through cutting-edge technology

At Mobiz, our mission is to empower organizations to thrive in an ever-evolving marketplace by harnessing the power of cutting-edge technology. We are dedicated to delivering tangible business value, whether through **revenue growth or bottom-line enhancement**.

By providing innovative and tailored technology solutions, we enable our clients to **optimize their operations, seize opportunities, and stay ahead of the competition**. We are committed to fostering long-term partnerships built on trust, integrity, and a relentless pursuit of excellence.

Quality Over Quantity Business

Our focus is on delivering high-quality services, integrating complex systems with expertise as a value-added partner.

End-to-end Solutions

From ideation to delivery, ensuring clients are well-equipped with the knowledge and tools needed for success post-handoff.

Proof of Concepts

We guide projects from initial POCs through to full-scale operational deployments, ensuring scalability and efficiency.

Managed Services

Providing ongoing support and management of infrastructure to ensure continuous performance and reliability.

Our Team

Global footprint across multiple clients and industries

Mobiz has more than 120 talented and skilled employees supporting 24/7 365 engineering & operations activities from different parts of the world: USA, Canada, Ukraine, Pakistan, Malaysia, Brazil Mexico, India, Bahrain and Kingdom of Saudi Arabia.

Leadership

Our leadership team is composed of experienced and innovation-driven executives. With a deep understanding of the ever-evolving technological landscape, they work closely with our talented technologists and clients worldwide to drive transformative digital solutions. Their combined expertise and forward-thinking approach are the cornerstone of Mobiz's success, propelling us to the forefront of IT consultancy.

Mobiz fosters an environment where diverse technical skills thrive, enabling them to provide customized technology solutions that drive efficiency and help clients achieve their business objectives. They are not just another IT company; they are a team of trailblazers with a proven legacy of success across various industries.

Valuable Partners

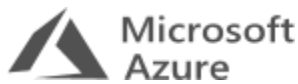

Together with our trusted partners, we're driving technological excellence to empower businesses for a brighter digital future!

Valuable Partners

We partner with the Best-in-Class Cloud platform on the market

Mobiz leverages best-in-class expertise in various platforms alongside a strong foundation in multi-cloud environments. This allows us to deliver seamless integrations and comprehensive cloud strategies, navigating the complexities of digital transformation.

Cloud Platform

- Microsoft provides the Cloud Adoption Framework for Azure (CAF) which is a full lifecycle framework that enables organizations to achieve their cloud adoption goals in a fast and efficient manner.
- Integration with Microsoft Ecosystem
- We partner with the best technology firms to bring you the most comprehensive solution!

Virtualization

- Citrix Workspace is a digital workspace solution that delivers secure and unified access to apps, desktops, and content (resources) from anywhere, on any device. Growth partner of the Year 2021 and Top 10 Partner nationally!

Security

- Cloud Native Security from Palo Alto allows you to gain visibility and protection across your cloud or hybrid cloud environments. It secures your hosts, containers, and serverless platforms giving you unified security across application stacks to allow your organization to meet stringent compliance requirements.

Orchestration

- ServiceNOW orchestration automates IT and business processes to streamline operations management. It eases the management of complex tasks and workflows, improves productivity, and simplifies and accelerates processes.

Customers

Mobiz supports a global portfolio of clients across multiple industries.
